

Austin's Town Lake Trail

Distances shown are for loops around the Town Lake Trail depicted below. All loops make use of the pedestrian ramps along the trail, so if you take the stairs or cut the trail, your distance will be shortened. The stone mileage markers begin at Auditorium Shores.

* denotes USATF certified distances. All loops are for the pedestrian ramps along the trail. The distance for the Congress bridge was calculated by looping around the Hyatt and merging with the trail near the South First Steet bridge. The distance for the Pfluger pedestrian bridge was determined by using the spiral ramps at both ends of the bridge.
